“ Raymond always had his radiant smile. He was always up for a good prank. One such time was when the flight crew found a jack rabbit out West, loaded him on the plane. The jack rabbit was release on the flight line in Florida. It hopped away unharmed. His love of animals was touching. He was always in motion whether it be walking, going to historical sites, fishing, golfing, playing ping pong or badminton, bowling. He loved touring the vineyards of Napa Valley. He truly loved South Carolina. He received his second set of wings, and now soars free. Ditto Baby Doll!

“ Mr. Ray was the kindest man and was a truly generous soul. I am so blessed that he was a part of our lives for the last 5 years. I so loved to hear his stories from growing up in TN and when he served. Holidays will not be the same, but I will cherish the time we had with him. He had a special love for dogs and he was a happy part of their lives when he walked in with the leash in the afternoons :) You are missed by many, Mr. Ray, but i know you are in a better place.

“ The few times I saw uncle Raymond he always said how proud he was of me. He was so kind and smart. My husband enjoyed his conversions with Raymond, because he appreciated how smart he was. I did not know he served in Vietnam. I would have loved to have heard his stories and I know he would have loved to tell them.

Here's a story my mom, his sister Mary, told me this week. When her dog died last year, Raymond told her she needed to get another dog because everyone needs a dog. She mentioned a woman she met who was selling a cute dog, but it was expensive. My mom could not believe it when a check showed up in the mail from Raymond for the exact cost of the dog. That's how Raymond was. So kind. He was always sending my mom cakes for her birthday or holidays. I think that's where she got the idea because now she always sends me cakes.

My mom is really missing uncle Raymond and I hope everyone who reads this will say a prayer for her.

“ I was Raymond's dental hygienist and I am completely heartbroken reading of his passing. I only got to see him once every 6 months and I was very attached to him and looked forward to my visits with him, so I can't imagine how his family and close friends must feel right now. My heart goes out to all of you. He and I always talked about the military since we were both veterans. We talked about Johnson City, TN because I still have family there. We both had a love of animals and I would see him walking a little dog in my neighborhood all of the time. He was so compassionate, had a strong work ethic, and was just a joy to be around. He stopped my husband in the neighborhood once just to make sure he knew he had a brake light out. He asked about a house in our neighborhood that looked like it had roof damage and he was concerned that maybe the people were away and didn't know about it, and that it was getting worse. He said he was even willing to pay to have it fixed if need be. He just had the biggest heart. I will miss Mr. Simmons so much my heart hurts. My prayers and condolences for the family.

“ So many wonderful memories and experiences with our 'Huggie Bear'. A true decorated American Hero, witty, smart and great friend! I know how to open champagne bottles, properly thanks to him. Always providing the best recommendations for wine pairings with our meals in the former 'Grotto' Chapter. So many adventures and laughs over dinner. Love and miss you very much, my world is smaller yet again!

“ To Raymond's family: I'm so sorry for your loss. Raymond and I were second cousins on Mom's side of the family. Although we did not see each other much, I have a few memories of him visiting my family when my grandparents Joe and Ardis Simmons were still living. Daddy Joe and Uncle Bill (Raymond's dad) were brothers. Raymond and I kept in touch by e-mail when my late husband Delmer Wallen and I were married. I pray that God will comfort your family.

“ i have good memories of playing with cousin Raymond & his brothers & sisters in our childhood. I saw him as a young adult & father of a young son, what seems like just a few years ago. We had become reacquainted in January of this year through Ancestry. I was looking forward to possibly getting to get together with him and our many other cousins in East TN. It's a shock to know that won't happen on this earth. My sympathy to all the family.

“ Ray and I spent many an evening on the back porch enjoying a good cigar, listening to good music and discussing everything from politics and religion to comedy, books, the military and philosophy.

I still glance over for his car across the street out of habit. I will miss you old friend.  
To Ray's family: You are in mine and Ella's prayers. If we can do anything for you in your time of grief, do not hesitate to let us know. Dan and Ella Breeding
