“ I helped Mrs. Barbara for years running errands, cleaning her home, doing whatever she asked me to do. She thought there was nothing that I, and her friend Pat, couldn't do , lol. And we tried and learned to do it all. Once when Mrs B's friend, Ms Pat and I were acting as if we knew how to hang wallpaper in the bathroom, we both fell in the tub., we all laughed about that often. I've been in the attic and it was 100 degrees there, painted a mobile home for her, Painted the eaves of her house, did some carpentry work , etc ,, anything she asked because she was such a sweet and loving woman.,, always with a beautiful smile on her face. She was so good to me and we truly loved each other. Now she's in the presence of our Savior. She prayed so often for her daughter and son-in-love, her friends, her family. She is definitely going to be missed. I'll always keep her in my heart because she was very special to me... And I loved her so much.

Ps.. Mrs Barbara would never let me do anything without paying me.. even when I refused to take money when what I helped her with didn't deserve a payment on she would insist. She was a kind and generous woman., always praying., never saying anything negative about anyone., always concerned and loving Alice and her friends... I am going to miss her calls... But I have great memories of her that I will never forget

Barb, I loved you dearly!! Knowing her since back in the 80's. She loved doing for everyone else, not taking credit for anything she did. Her Sister lived in Florida and when she passed , asked if I'd become her Sister. And yes, she prayed for everyone and especially her beloved daughter Alice, and her husband George. Some of our fun times was going to habitat and eating at Cracker Barrel. She's in the arms of her Lord and Savior whom she couldn't wait to meet face to face. Will miss her terribly and want ever forget my Dear Friend.

Aunt Bobbie, need I say more? When mine and Stevie's died unexpectedly in 1953 she was our lifeline. She worked for Southern Bell back when we got operator's live when we dialed zero. We would call and tell them we would like to talk to our Aunt Bobby. She would get her on the phone. We talked like it didn't matter who wanted to use the party line. She was always so happy to see us and hear our voices. Im so glad that she got to see my son, Christopher a little over a year ago. He reminded her of our Dad, her brother who passed away too soon.

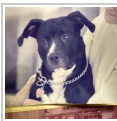

During the past few years since Stevie passed away, we've had chances to enjoy delivery from Walmart. She really has loved being able to call. Especially when Stevie was in the hospital. He loved her so very much just as I did.

It's been hard on her losing all the family members. Especially her Reecie. I pray that she is at peace now where she can have a peaceful life in Heaven. I pray that she still knows how important a part she has played in our lives being so young at 2 years old Stevie and only 9 months for me when our Dad died.

Aunt Bobby, I didnt know who to call when Alice Lee called to tell me you had taken the ticket to heaven's door. I miss you immensely. Your laugh, your closing phone calls with, "I love you very much". I always said, "I love you, very much too. Always".

I wish we had lived closer so we could have written you life stories. You had so many to share. Wish Stevie was here too. I love you, very much, always. Anne

Condolences to Alice, George and Family. Barbara Ann and I were next door neighbors, growing up in Hartsville SC. She always loved her family and was a giver, and this continued throughout her life. She had many heartbreaks, losing her son Reecie, and other family members, but continued her faith in GOD. Her smile, always positive, you could count on.

She loved her church, pastor and church family, and was very involved in church activities and tithing. She was a prayer warrior. When you looked at her, you saw compassion and love for others, but especially her love for JESUS.
