“ I will forever miss the way you would call me into the room just to color or watch a movie. I regret all the times I told you no and I now wish I could go back. Even if it meant only 5 more minutes with you.

“ Chelsea, I miss you so much. your smile, eas like the whole sun casting its rays on one's skin. i remember a lot of silly times at the lake, us an the kids having a ball. the thoughtful way you made others feel, when you lived someone you went full force. the way you'd carry Arianna use to b a shock to many little think like you toting Punk but you didn't care she was your baby an if she'd have ask you to do it as she began t get bigger well I can see you trying your all. ince you put your mind to anything would do it. I'm going to miss everything about you. ues the way you cared for others even before thinking of yourself, you were legendary for. many hearts are broken and miss you severly. as I told you my" Frog" I'll love you until my last day... I hope you have peace, though I wish it had not led to losing you.

Love forever,
Dianne
