“ Donna always looked out for me when I needed her. I remember having stitches and her saying "you're not going to the doctor to get those out are you" and she had me lay across her kitchen table to get the stitches out. At the time I thought it was crazy but she saved me a \$40 copay.

Also registering my kids for school this year was a totally different experience. Donna has been an emergency contact for my kids for over 13 years. How mind blowing it was to not have her name on their paperwork this year.

I love you Donna. Rest in peace.

“ *I will miss talking to her about everything, going to the grocery store and finding this massive cucumber, and calling to her hey ma, look at the size of this one. She just laughed and said omg..she raised my husband and always treated us just like a daughter in law and my kids like grandkids. She was always there for us. I Love You Ma. RIP. “ OMG this unique woman and i were hell on wheelies in our teens, i remember the day we took my brothers car and took a drive, we traveled into the middle of no-where and i said i have no clue where are , she replys... i don't know Lets turn around and she backed us into a ditch ...LOL... no cell phone back 50 years ago by golly we hiked 2 or 3 miles to the nearest phone to call for help....borrowing brothers car was much harder after that day :)  
We didn't see each other often but our bond was always stronger than anyone realised. Heart Sisters Always  
I will miss her spunky self, her adventurous spirit and her sheer Joy at making this world stand back and take notice where ever she went <3 still Love ya Kiddo, til we meet again
