“ Not a day goes by that I don't think of Donna, she was my rock, my friend and the sister I never had. She was non judgemental and would give you the shirt off of her back! I will always love Donna and therefore will always be here for you guys!

JD

Donna I am remembering the Gulf Port days. Joe was my neighbor and you and your Cesar were over quite often. You were such a cute couple! I remember your Princess Gear Grinder handle, quite fitting. And I remember how much you loved your kids and grandkids. And still. See you soon, Jenny
