“ We just learned of the passing of Ed. Both of us were employees at Dixie along with Ed. He never said too much had that quietness like his Dad. During our employment we all felt like family. When something happened to one of us the whole plant rallied around us to give us comfort. So we take this time to say a word of prayer for the family he has left behind. He touched many lives as a supervisor and coworker. We want you to know that in the days ahead it will get a little bit better even though it is painful right now. God above will help you to get through.
