“ My Grandmother 💙

Shirley Elizabeth Freeman born March 15th, 1939 to Willard and Shirley Freeman. She got stuck with the name Peewee by her Dad. She was so tiny when she was born that he called her that and it stuck with her through out the years. She later married Frank Hill and became Mrs. Elizabeth Freeman Hill. "Lib or Peewee." Boy was she loud, she was so loud you could hear her a mile a coming! She was so full of life and such an outgoing happy person. She stayed in the wind so to speak. She would put the pedal to the metal, Lol. That's how most will remember her. She worked for the plant Dixie Cup for 31 years, she retired from there in 2001. She then kept her grands, she also cleaned houses. The last thing she done was she was a caregiver herself. She had to give that up though due to her own health issues. For me as her granddaughter and caregiver. I got to see the good and the bad. I remember going to her house often as a child. At bedtime, she would always let me get right in the bed beside her to sleep. She made the best hot grits and bacon for breakfast. Well anything that had her touch was just the best. From the grits, biscuits, ho cakes/corn fritters, chocolate cake to anything! Hanging out in the game room Pa had next door to their home , going to church, trips to her hometown Mullins, S.C. She even stood in as my Mother on my wedding day and lite the unity candle. To the bad when I would watch her take 2 steps forward and about 10 back. To bathing and feeding her. Something she did for me as a child. But now I was having to do for her. I wouldn't change it for the world. I wish you were still here for me to pamper. After all, if anyone deserved some pampering it was you! I still can't believe your gone, I am still waiting to just pick you up and bring you home. I become numb but then at times I just can't stop the tears from coming. I wake up your not here, I get in my toyota your not sitting beside me. I just want my Grandma 🥹 I love you more than any words could ever express!! You were more than a Grandma, you were a Mother, you were my best friend.

“ My prayers go out to you Lib's family. She will always have a place in my heart. I worked with her at Dixie. I can see her now with that smile, those glasses, starting up those cup machines. Yes God has her now and she is going to be alright.

“ *Dana and Family: I am so sorry to hear about Lib(PeeWee) passing away. I remember her riding by my house in her truck and every time she passed by she would blow the horn and wave. If I saw her in a restaurant eating she would always call me over and ask how my Mama was doing. She was a sweet lady and a very caring lady. She cared more about other people and how they were doing. I haven't see PeeWee for a while except on Facebook, but even when she felt bad she still had a smile on her face. Dana I am so sorry for your loss, but know that Heaven gained a special Angel when Peewee got to Heaven. Remember she is no longer in pain and finally healed. You and your family are in my thoughts and prayers.*
