“I have known Eric since we were young children attending Central Baptist Church in Darlington, SC. Later in life, we worked together at SC DHEC in Darlington County. We became good friends. He showed me compassion when I needed it. I will always remember him for it. God bless him and have mercy on his soul. I pray for his family and friends.”

“Eric was a great friend and he worked at DHEC for many years. I hired Eric in 1985 and he worked in the Florence and Darlington offices. He was a hard worker and beloved very much by the public. He will be missed by a lot of people that called him their friend. I will miss him and am praying for his family and friends. BJ McPherson
