“ *I'm so sorry for your loss Dana. I know how special your daddy is to
you and he loved you with all his heart 💕! He told me how much
every time we were together! I know how hard this is and I can't
promise you it will ever go away but I can say it will lessen. He was
very special to me and he was very instrumental in my recovery
when I came in the program in 2001. I'm so glad I got to help him
some in the last few years. I loved him so much and will miss him
dearly 😭.*
