“ my granny was one of a kind. one of my last memories of her was when she was at the first nursing home, she was mostly healthy again & happy. they brought the food & she gave us all of it, but when they brought the red velvet cake out.. she was NOT sharing none of that 🙄. my granny never failed to make everyone laugh & smile🙏

“ This is just ONE of my favorite memories with my grandma(granny) where we snuck out to have lunch at one our favorite hangouts/restaurant, Skyview. Now anyone who's anyone KNOWS how much granny loved Skyview, she use to take us there all the time as kids, we jump on the bike and ride right down the rd when we lived on Gregg Ave. or I should say granny use to ride her bike and put me in the seat mounted to the back.
