“ Kathy McDonald was a very special person. She was always there for you and helped you in any way she could. Working with Kathy, she taught me so much, about the job as well as how you should treat people. She was the type to teach you what she knew to help you excel. As a friend, Kathy was awesome. I always knew I could count on her. We became very close and special friends while I worked at BCBS. After she left, we stayed in contact with each other. One of the wonderful memories I remember about Kathy and Mike was when my family was down at the beach for vacation. We all went out to eat together. My grandson, Kathy and Mike were shooting paper through straws at each other while we waited on our food. It was hilarious and we had the best time together. No matter is we were on the phone or with each other, Kathy and I had a great time. I will miss her so much. She was such a blessing. I even dreamed about her last night. She told me "See you on the other side." What memories Kathy has left me. I love you, Kathy. Now you are singing with the angels and walking with the Lord.
