“ So sorry to learn of Pat's passing. I worked with Pat and Mona at the Darlington Hospital for a long while. In addition to work, we had a lot of fun together. May the Lord be with all of the family during this trying time.

“ What can I say, this LADY has ALWAYS been a part of my life! She has been a 2nd mother to me as she has to countless others. She was there when my mother needed advice, whether it be nursing, mothering or a hand of friendship. To me she was someone I knew I could turn to if I ever needed to, she was a 2nd mother, she was my church leader and my church teacher. She taught me when I was a Merry Miss (the girls class at church, 11 - 12) and there she taught me Gospel Principles that I have watched her live her entire life and she taught me temporal things, like how to crochet pretty things for my hair. As I've grown I've also had the privilege of watching our relationship grow into a beautiful adult friendship for which I am forever grateful for and look forward to continuing in the eternities! I love this dear sweet southern lady and her family and for the blessings that have come to my life for having been allowed to be a part of hers and theirs! The candle herself has gone out here in this earthly world of ours but the light will never go out for she lit too many other candles that continue to burn and continuously light other candles! Until we meet again, Sis. Pat! I love you and thank you for everything!

“ My mama had a pure heart and would try to help anyone who needed her, especially children. She accepted my step-children as her own grandchildren. I'm so honored that Caleb, Christy, and Cheyenne got a chance to know Mama and experience her love. Even though it was brief, I feel blessed that my grand baby, Baylee got to meet Mama. She is too young to remember but one day I will make sure she knows what an awesome woman she was.

“ I was very shocked and sad to read the obits this am. Pat was very special to me. I met her when I was 15 years old. She was in Nursing Training at McLeod. She and my mother(who worked at McLeod) were friends. It was so very special to see Pat walk into the Darlington Branch with those beautiful little girls, dressed so sweetly. My Sundays were brighter when I arrived at the Florence Chapel. It was a pleasure knowing her. Love to each of you.

“ Pat, our kids played together for many years when we lived next door. Long time ago but good memories. You were always such a good mom and I remember my boys always liked going to your house - through the field - across the yard.!! My prayers are with your family.

“ Pat has been a role model for me over the 55+ years I have known her. She was an exceptional mother, wife, nurse, church member and friend. She exemplified love, care, concern, patience, sacrifice, humility and endurance. I can't name many people who loved her family more and was willing to do whatever necessary for their good. Pat touched so many lives and I am grateful to have been one of those individuals whom she influenced for good. My love and prayers to the family as you go through your loss and grief.

“ I'm sorry to learn of the death of Mrs. Freeman. It is never easy when we lose someone dear to us. I didn't know her personally and want to acknowledge her death and your loss. God's promise of a new heaven and earth is close at hand and there Will be no more pain or outcry because the former things have passed away and people can live forever on the earth in paradise. Jesus gives comforting assurance that those in the memorial tombs will hear his voice and come out. Let's wait for that hour. Remember, Jesus died and was raised from the dead by his Father. Lazarus died and was raised from the dead by Jesus. Let's trust he will do the same for Mrs. Freeman and all our loved ones that have died. Continue to take care of yourselves. Have a nice day.

My first job as a nurse, Mrs. Freeman was my supervisor, she was a wonderful leader and team player. They don't make nurses like her anymore, I was able to learn alot from her, that was one of her many traits , she didn't mind taking you under her wings, teaching you anything she could. She was a great lady. Im so sorry for your loss.
