“ Ann, I have known for many years. She was more like a sister to me. She had a Beautiful heart in life and I know her beauty will carry on over to her present life. She is now in the presence of God. Ann will no longer suffer. Although she is gone in our physical world, she is still present in our spiritual world. Ann is happy now. She can still check in on everyone. Anytime she wants too. So don't be surprised when you see a glimpse of her pass by or smell a perfume that she wears. She will find a way to let you know..she and I had extensive conversation about this when Don passed away. She told me about how she felt Don around her and how she felt his every go thru her when he passed away. Some of the stuff, she said she was afraid to talk to family about, so she talked to me about it and I just hope that I was able to help her understand it a little more than she did. Ann was a good person. She loved her family dearly, but her grand children are the ones who kept her living. They were her life. My sympathy goes out to the family. I love you all and I pray for healing for you all. Give God your hurt and pain. Let Him take it from you and help you heal.
