“ I can remember going finshing the last time with my dad & he got mad because he caughtt the smallest fish. It was funny when I seen the look on his face because my fish was bigger. I will Always Love you Daddy & you will be truly missed. But just know that even though I cant see your smiling face I will always cherish the time that I did have with you. Until I see you again R.I.P Daddy. I love & miss you so much
