“ *Bill..I'll never forget the first time I saw Scott hitting tennis balls on the wall across from your house. I gave Scott some pointers and would hit with regularly and he just took off and loved the game. I don't think I ever heard Scott bad mouth anyone. What a great person he was. I can hear that laugh and see that smile today. He will be missed. Robby edwards*

“ Bill,
Scott always spoke so highly of you. I could tell you meant the world to him. I could also see how much he meant to you when I talked to you. You were such a big piece of his life. A positive, solid parent who showed unconditional love. He was lucky to have you in his life. I loved Scott so very much. For me he was like the brother I never had. Hardheaded and stubborn but he had such a bright soul. Boy, he could make me laugh! He was a good friend and I will miss him greatly. Know that I'm thinking of you and sending so much love to you during this time.
Sending prayers and love,

“ *Bill,*
My family and I are so very sorry. We always thought Scott was so "cute" as my girls would say. I know your heart is so heavy and I pray for God to give you peace and understanding. To God be the glory for his life and for yours for caring for him so.
