Thinking of you cousins during this difficult time. Your mom was a mighty force of nature. She used to tell me that she wasn't nice, which always scared me a little growing up. I think she was bluffing, because Aunt Susan was always very kind and caring during the rare opportunities I had to spend around her. I'm so sorry for your loss and want to extend my heartfelt sympathy to the rest of the family and all those who love her.

“ MS.Heitsman was a mentor for me at Trinity Collegiate School ! She was so witty. She LOVED her students! She taught both of my sons and they learned Algebra 1 -Algebra 2 and AP Calculus . She was the NHS advisor for years - passing on that Baton to me with great advice and encouragement ! Even though I haven't seen Susie in a few years- I will miss her!!!!

“ I could not have asked for a better mentor when I was a very young teacher. She was encouraging and supportive, but would also look me in the eye and say, "Don't do that!" I will forever be grateful for the example she set for me.
