April and family, I am so very sorry for your loss. You know, just because you meet a family member later in your life does not mean that the love does not reach a depth as strong as your other relatives you have known since childbirth! We all love Tim as though we have known him forever!! And now Mom can introduce him to the others who have passed on before he was able to meet them...the circle is unbroken!!💕💕💕 Please let's keep our circle here unbroken..by keeping in touch. May God comfort and bless your family! We love all of you very much!💕🌹💕
