“ *If I wouldn't have been having my son (who passed around the same time) and I had known, totally would of been there. He was a good man despite what anyone thought. He is the reason I had a roof over my head and the reason I'm alive. His daughters I would babysit, and I hope they do well and grow into powerful independent woman. I wasn't there the night this happen to him, but please email me if you know, and I would like to know how the family is. He will be dearly missed, I am forever great fun for the time I had even being torn about it. RIP Vic.*
