“ I'm so sorry for your loss. I always told Wanda that she was the best pharmacy technician that I ever worked with. My first year in Florence her mother, Joyce, was my tech at Eckerds. Wanda later replaced her. Wanda and I had many fun years working together.

“ I met Wanda as a new employee at the old Florence General Hospital.. we worked together for many years. I remember when she met Angus. She was so excited. Us friends went to their wedding. I always thought of them when I would ride by the church as I didn't see her after that.. we always begged her to make homemade biscuits and bring them into work. Anything really. Rest easy friend. My prayers to her family💙🙏

“ I'm going to miss Wanda so much, she was such a joy. I feel that we became friends the minute we met and am guessing that was just her way, she loved everyone. Praying for her family and many friends who will feel this great loss. May she rest in eternal peace, our world will be a bit dull without her smile.

“ Wanda was a sister, friend and a special part of my family. She loved our beautiful mother; called her "mama" and our mother loved her as a daughter. Wanda was a beautiful woman inside and out. I will miss her but it is a blessing to know her soul is resting in the arms of our Father. ❤️

“ So sorry for your loss. Wanda has always meant a lot to me. Since way back when we were young and attended church together, with our parents. She fought a battle. But she won that battle today. I know her Moma and Earl were waiting for her. Along with so many other family members. I know you will be missed so much Wanda. I will always thank you for my surprise post card from Hawaii. I told her that was my dream always to go there. So yes, I got a little of Hawaii sent by mail. While she was there on vacation. It really made my day. That's what she was about helping and loving others. Rest easy. I know Heaven is so much sweeter with you there. Praying for Angus, Bro. Cecil and all of her family and friends. Love and prayers for all of you.
