“ *Wayne surprised me about 8 years ago when he dropped by unexpectedly and wanted a planter he liked in my yard and I gave it to him,I hadn't seen him in years. About 3 weeks ago I passed by his house , turned around and was going to stop by and say hi but I didn't want just show up unannounced and I left. I wish now that I had just been rude. “ I have not just one but so very many wonderful memories of Wayne and my dad (Dennis Tyner), being over at the creek! My dad would be the cook and Wayne the life of the party! When I was coming up Wayne was the dad I wanted to be with if I wasn't with my real dad! He would let Chad and me drive that yellow Ford he had and the blue and white one too! We would leave them at the creek and load "Jake" up on the back and we would go riding round on the dirt roads. Always with a big ole smile on his and him looking at everyone and something crazy coming out his mouth! I will Always and Forever remember him and carry him with me! Tell Chad I miss him, and will always love you all!
