“ True kindness, generosity and a sincere smile sums up the character of the man I knew as “Bill” Willie Ray Jackson. Humble in his academic and technical achievements, Bill was the first one to offer help to a friend, or a stranger. His strong opinions but steadfast kindness made him a spirited conversationalist who wasn't afraid of his own thoughts, or those of others. He was square on, a logical, educated man with a heart of gold.

Bill loved his mother, Linda Dennett, with all his heart, dedicating many years to assist his mom who's Multiple Sclerosis had eventually left her wheelchair and bed bound. Always there to spin a yarn, share a memory, a thought, discuss the latest news, share the latest meal, and give a hug, Bill left a trail of memories.

Linda, Dawn, Cameron, I am so sorry for what happened and the loss you can never escape. My heart is with you.

I do not believe life is fair, otherwise, ultimate justice would not be necessary. I pray Bill rests in the softness and security of loving arms, while those who murdered him, find the ultimate justice they deserve.

“ *What a son. Set aside his own life experiences to take care of disabled mother everyday for over 6 years. I know he is in heaven but never should have been taken from us the way he was. His family and friends miss him everyday. After those responsible are convicted I hope to see him again.*

“ My brother had the Kindest Heart. He would give the shirt off his back I help someone if they truly needed it. He had a wonderful smile and a contagious laugh! The memory that I cherish most is one of the last I have of him. He lived across the street from me, and everyday I see him in the yard playing with his dog Kitty. And every time I walk out my door, I see him in my mind throwing the ball, laughing, and waving at me. I love you Bill, forever and ever you'll stay in my heart. Peace bro...
